“Christine is super-high bandwidth.” **Bill Gates**

“Now we clearly see what we’re not doing, what we can be doing, and how exactly to do it to get the increased results we want. Our team is jazzed—it’s as if the lights have been

turned on bright and we can see farther and with greater detail.” **John Gorski, CEO NAMSA**

“24 hours after our company-wide training by STI we had **over 33% of our entire company ask for more responsibility** and to have the bar raised on their leadership contribution. The increase in our leaders’ level of accountability, influence, focus, clarity in communication, and sustainable results is *profound*.” **Rick Thompson, VP Talent & Administration, Rising Medical**

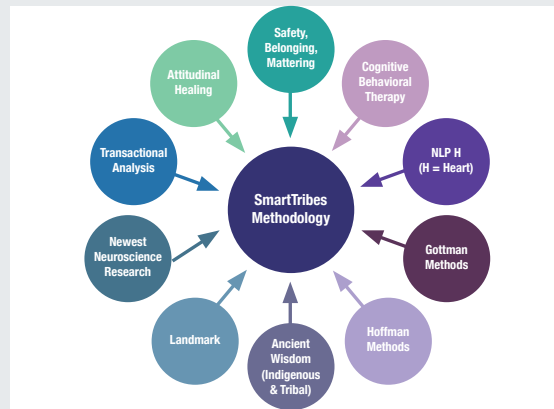

“Christine provided tremendous take home value at our forum retreat. We gave her a complex set of challenges, both business and personal, and she skillfully and compassionately navigated them all. What moved me most was her depth of experience—from resolving conflicts, to deeply enrolling and intrinsically motivating others, to compensating sales forces, to building teams that can be relied on. Her 30 years of helping to grow some of the most successful businesses in the world truly shines through.” **Dan Weingart, YPO San Antonio President and CEO The Alisam Group**

“In less than 120 days we closed the largest deal in our company’s history using the strategy Christine and I created together. I know what’s going to happen next—we’ll exceed our sales quota. Again. This is now how we roll.” **Sharon MacDonald, CEO, Model 55**
